MEMORANDUM

TO: SkillsUSA Georgia Postsecondary Advisors

FROM: Tjazha Mazhani State Director
Derek Dabrowiak Executive Director, Student Affairs
Dr. John Scott Consultant

DATE: November 11, 2017

We hope that you are having a great fall semester and you are re-energized for the 2017 – 2018 SkillsUSA year. This promises to be an even better year for SkillsUSA Georgia Postsecondary for several reasons. The state SkillsUSA Planning Committee developed a program of work for the year, which includes goals and strategies for improving customer service, membership, championships, community service for local chapters, and many other important programs.

2018 SkillsUSA Championships

Planning has already begun for the annual State Conference and Championships, which is scheduled for March 22-24, 2018. Again this year, contests will be held at the Georgia International Convention Center, Atlanta Technical College, and possible remote sites to be announced.

A major thrust this year is to establish technical committees composed of business and industry and community and educational agency leaders to take over the major responsibility of designing and conducting leadership, occupationally related and skilled and technical sciences contests to promote invaluable learning experiences, improve the quality of our contests, and to make them equitable for everyone participating.

In addition, the SkillsUSA Georgia Postsecondary website is up and will be updated with the latest information. The address is: <http://www.skillsusagaps.org>. Our goal is to make the website the main mode of communication and information dissemination for Georgia's association; however, there is information available on the national site as well. Visit skillsusa.org, select "membership & resources" then "advisors," there you will find a wealth of information to improve your knowledge to be an effective advisor.

Advisors must register their students by February 2, 2018 to make them eligible to participate in the Championships contests. Conference registration is completed online through the National SkillsUSA Membership database. Included in this memorandum is a list of various contests and includes information as to how many students are permitted to participate in the various contests, and the contest location. It is important for advisors to obtain a firm commitment from interested students before completing the conference registration. The Planning Committee uses registration information to make decisions about the design of contests and the facilities/materials needed to conduct them.

NOTE: Remember to register alternate students for the Team events of Opening and Closing Ceremonies, Chapter Business Procedures, Quiz Bowl, and Health Knowledge Bowl. Remember to also register models for the Nail Care and Esthetics contests.

College Assessment Fee:

Each college must pay an administrative fee of \$1,000 (invoices were sent to your college student activities coordinator/director, please verify prior to submitting additional payments) and a \$75 per person conference registration fee.

All checks should be made payable to TCSG Foundation, Attn: SkillsUSA and mailed to:

Ms. Lucretia Leigh
Student Affairs Specialist
Technical College System of Georgia
1800 Century Place, Suite 400
Atlanta, Georgia 30345

All assessment fees must be received in the Central Office by February 23, 2018.

Membership and Registration Deadlines:

To be eligible to compete in the State SkillsUSA Championships, the registration must be completed no later than 5:00 p.m. on February 2nd. No changes will be accepted after this date.

To be eligible to compete in the State and National competitions, all membership rosters and conference registration must be submitted electronically no later than February 2, 2018. Students who are not competing in any Championships contests can become members and must register, electronically, by February 2, 2018.

It is essential that registration fees and membership dues be paid promptly. The registration system has been updated to reject contestants that **are not** paid members by the membership due date of February 2nd. Though you will be allowed to enter students electronically, advisors must follow through with making sure student memberships are paid. **On February 9th, a report will be run and any contestants listed, who are not paid members, will be purged from the system and will not be allowed to compete. Therefore, it is imperative that you ensure membership dues are paid, not submitted to the business office for payment, but rather paid, by the February 2nd deadline.**

This year's theme is, **SkillsUSA: Champions at Work, Job-Ready Day One**. This is also the theme for the Chapter Display, Prepared Speech and Promotional Bulletin Board contests. The topic to be addressed by the contestants in these events is how the theme relates to the national program of work in the area of professional development. To obtain information on sub themes, please visit the SkillsUSA website at <http://www.skillsusa.org/competitions/skillsusa-championships/theme/>.

Registration and Mandatory Meetings:

Conference registration check-in will be conducted on Thursday, March 22, 2018 at the Renaissance Concourse Atlanta Airport Hotel. You will receive specific time frames as we get closer to the conference date.

Mandatory contestant orientations will be scheduled on March 22nd. Specific times and locations will be disseminated at a later date.

Hotel Accommodations

A block of rooms has been secured at two locations for our group, the Renaissance Concourse Atlanta Airport Hotel and the Atlanta Airport Marriott. Both hotels offer complimentary internet usage and self-parking, and the facility should be able to accommodate buses and large vans.

Instructions on how to reserve rooms for your group will be sent to the lead advisor.

Opening & Awards Ceremonies:

Both ceremonies will be held at the Renaissance Concourse Hotel. The Opening Ceremony will take place on March 22nd, 2018. The Awards Ceremony will be held Saturday, March 24th, 2018.

Competition Scoring:

All competitions will be scored in the following areas:

- Written test (If applicable)
- Performance (hands-on)
- Oral professional assessment (interview with the Technical Chair or Judge)—If Applicable)

Online Testing:

A large portion of competitions will have the written testing portion of the competition held in advance. Advisors will be emailed instructions when online testing is open. It is the responsibility of the advisor to make sure the testing is proctored and students spend only the allotted time indicated for that particular test and test by the indicated deadline. Any online testing questions may be directed to Sherrie Rowe at srowe@augustatech.edu.

Dress Code:

The dress code for Trade competitions will be khaki work pants and white work shirts. **Denim will not be permitted.** For the Health and Leadership competitions, the dress code is the same as last year and can be found in the Rules and Regulations book.

The dress code for the Opening and Awards Ceremonies will be the Official SkillsUSA attire or Business attire. Black dress pants or black skirts (no miniskirts); white shirts or blouses and black closed toed shoes will also be permitted. **Denim will not be permitted.** School polo shirts worn with black, navy or khaki pants or skirts will be also allowed. T-shirts, sweat shirts, sandals nor tennis shoes will be permitted at the Opening and Awards Ceremonies. ***During the Awards Ceremony, students who are inappropriately dressed will not be allowed on stage to receive their medals.*** **This dress code applies to both advisors and students and will be strictly enforced.** Advisors, please inform your students of the dress code prior to their competition.

Contests:

All students competing in the State Championships must be registered electronically on the SkillsUSA website www.skillsusa.org no later than February 2, 2018 **No additional contests can be added nor can contestants be replaced after the February 2, 2018 deadline. Please make sure that all names are spelled correctly because replacement name badges will not be printed on-site.**

Prizes:

Each technical college is asked to sponsor one or more contests by bringing a 1st place prize valued at \$75.00; a 2nd place prize valued at \$50.00 and a 3rd place prize valued at \$25.00 for each contest it will sponsor. These are minimum values; prizes of higher value are welcome.

Should you have any questions concerning prizes or require additional information, please contact Cynthia Carter at (229) 931-2057 Cynthia Carter (ccarter@southgatech.edu.)

State Officers:

Please encourage your students to become SkillsUSA State Officers. It is a very rewarding experience that will provide opportunities to enhance their leadership abilities. If you have interested students, please contact Melissa Williams (mcwilliams@centralgatech.edu) and she will send you a State Officer packet. **The deadline to return the State Officer packet is February 23, 2018. The Officers qualifying examination and orientation will be held on March 22, 2018.**

Advisor of the Year

The Advisor of the Year award to recognizes and honor dedicated career and technical education instructors who serve as SkillsUSA advisors. Please contact Tony Criswell for an application at tcriswell@southeasterntech.edu.

Reminders:

1. Contestants in contests that require verbal presentations must use the proper name of the National organization, SkillsUSA. Failure to do so will result in penalty points being assessed. All Skilled and Technical Sciences Championship contests have three components: oral assessment (50 points); written technical knowledge test (150 points); and the performance test (800 points). **You must have a copy of the SkillsUSA Championships Technical Standards 2017-2018 to find out all of the new changes.**
2. Contestants may compete for only two years in the same contest.
3. Dual enrolled high school students are **not** eligible to compete in postsecondary competitions. They must compete on the secondary level.

By now, most main college advisors have received the Membership Package or Kit that is a great resource for recruiting members and organizing the chapter. If you have not received the Membership Kit, you can request one by going to SkillsUSA.org. The Kit has the following information and can be downloaded:

College/Postsecondary Membership Kit

- 2017-18 SkillsUSA Membership Cards
- 2017-18 College/Postsecondary Membership Kit Booklet

[Download all college/postsecondary materials from skillsusa.org.](http://skillsusa.org)

ORGANIZING THE CHAPTER

A main responsibility of SkillsUSA advisors is to organize the chapter by conducting officer elections and developing a plan of work for the 2017-2018 year. Two valuable resources for advisors to use for this task are the Leadership Handbook and the Chapter Activity Planner which can be ordered and/or can be downloaded from the SkillsUSA website. Advisors should try to order at least 10 leadership handbooks which contain very useful information for students and advisors on many topics. The Chapter Activity Planner can make it fairly easy to plan the **Program of Work** which leads to an active chapter with a number of educational and fun activities besides preparing for the Championships.

The key to an active and strong chapter is an enthusiastic and informed advisor. The SkillsUSA Website has a number of training modules and resources that advisors can access to improve their knowledge of the organization and become familiar with their responsibilities.

New and existing advisor training meetings will occur at the Georgia Fall Leadership Conference. This is an excellent opportunity for all advisors to meet with other advisors and learn new information that can be used back at the Technical College to improve CTSO organizations.

COMMUNICATIONS:

Advisors should contact Ms. Lucretia Leigh (lleigh@tcsge.edu) of the Technical College System of Georgia to get their names on the SkillsUSA Listserv which is one of the main communication tools. In addition, the newly established website is being expanded to include important advisor information. If you are a new, main college advisor, please send your contact information to Dr. John Scott at jscott@uga.edu so a new advisor list can be developed and shared. Advisors can learn a lot by networking and sharing with each other.

IMPORTANT DATES:

There are several important dates that advisors need to meet for the 2017-2018 Year as follow:

- Georgia Fall Leadership Conference.....November 10-12, 2017
- Deadline to complete online registration (including payment) of Championships contestants.....February 2, 2018
- SkillsUSA Georgia Postsecondary Championships.....March 22-24, 2018

2018 Championship Contests Information

Leadership Development (2018)	No. Allowed from Colleges	Location	Contestants	Registration count (Individual or team)—Not team members
American Spirit	1	Atlanta Tech	Team of-3

Welding Fabrication	1	CEFGA/GICC	Team of 3	
Welding Art Sculpture	1	CEFGA/GICC	Single	

Alternates for any team contest must be registered as observers and be SkillsUSA members, however they must meet the technical standard requirements of that contest.

Leadership, Occupationally Related, and a number of Skilled and Technical Sciences contest will be held again this year on March 23rd, 2018 at Atlanta Technical College. Construction Related and Transportation Related contests will be held on March 22 and 23 at the Georgia International Convention Center near the Atlanta Airport.

ADVISOR CHALLENGE:

The following are advisors challenges:

- Recruit and submit names of students who want to be state officer candidates
- Expand membership in SkillsUSA by recruiting members from satellite campuses as well as the main campus
- Explore having a set of officers at each former main college campus and then establishing an overall set of officers with representatives from each campus as described in the Leadership Handbook
- Recruit and prepare students who want to participate in the Championship contests.
- Conduct a local SkillsUSA Championships among participants for main campuses and satellite centers. (This is essential to avoid sending students to state level competition who have not completed enough of the program to be competitive)
- Read e-mails sent via the SkillsUSA Listserv as well as information posted on the website
- Express enthusiasm about the organization and be positive and encouraging with students

- Provide feedback to the Planning committee regarding student experiences with contest
- Inform students of the value in participating in the SkillsUSA Championships including the recognition one gets, possibly earning the right to participate in state level Championships which may result in earning valuable prizes, and possibly earning the right to represent the State of Georgia in the National Championships. Participating in competitive is a very valued point on resumes and employment portfolios.
- Accompany officers to the Fall Leadership Conference in November and attend the new and existing advisor training meetings.
- Infuse the SkillsUSA framework into your local activities and trainings.
- Submit at least a Level 1 application for the Chapter Excellence Program

Should you have any questions regarding the State competition or any information contained in this correspondence, please contact the State Director Tjazha Mazhani (404) 679-1685 (tmazhani@tcsg.edu) or Dr. John Scott at (803) 300-6563 (jlscott@uga.edu).

Thank you in advance for your cooperation and continued support of SkillsUSA Georgia Postsecondary!
